What makes our Wine Club worth joining?

We seek a balanced approach to sourcing esoteric wine varietals from around the world along with fabulous California wines. All of our selections must reflect tradition and typicity. Most selections can be consumed immediately, but many also are selected due to their complexity and can often be cellared as well.

TL Club

Let your imagination run wild... Travel & Leisure, Thelma and Louise, Tons-o-Love??

This club is all about taking risks (ok, not big risks, we taste all of the wines and only select the very best for you), trying new things, and introductions to wines, producers, regions and varietals you may have never heard of previously.

Two bottles: one red wine and one white wine or the occasional rosé.

B2 Club

Big & Bold, Beautiful & Balanced, Breathtaking & Burgeoning! This club is not for everyone and is limited. These are red blends or single varietal red wines we think stand out from the crowd. Some are collector's items and cellar worthy, others are for more short-term consumption. Either way, these wines will bring you exceptional drinking pleasure.
